# Fun On The Farm – Instructions

1. Each player places his/her pin on the START position and rolls the die to see who begins play.
2. The highest number starts and play continues clockwise.
3. The player rolls the die and moves as many places as shown on the die.
4. Depending on where the player lands, the player will have to do one of the following:
  - **Pink Rectangles:** If the connecting line starts on the pink rectangle, the player will have to follow the line to the other pink rectangle; however, if the connecting line finishes on this rectangle (with the arrow head), the player doesn't have to do anything and the next player will roll the die.
  - **Brown Rectangles:** Do the same as the pink rectangles.
  - **Blue Rectangles:** The player has to answer a question from the questions cards. If the answer is correct, the player can roll the die again. If the answer is incorrect, the play stops and the next player continues.
  - **Animal Rectangles:** All the players have to do the animal sounds that correspond to the animal in the rectangle.
5. The player that gets to number 50 first, WINS!
